## **Kevin Taft challenges Ed Stelmach to a public debate**

Edmonton - Alberta Liberal leader Kevin Taft challenged Tory leader Ed Stelmach to a public debate in a letter sent today.

"Albertans are looking for real leadership and vision from their elected leaders," Taft wrote.

A public debate between the two leaders during the upcoming by-elections will provide Albertans with an excellent opportunity to take a good look at what their choices are.

"It is in this spirit of democracy and transparency that I am challenging the Premier to a public debate on Alberta's future and the Government's responsibilities to Albertans," concluded Taft.
